Your
**DENTAL
HEALTH**
is our
PRIORITY

Thank you to all our fantastic patients who have kindly agreed to share their photographs.

“Very impressed with Mr Edmonds, feels like I am being looked after by a practice who cares about my dental health. I am a very happy customer.”

MR G CLARK

Each dental health examination is too important to be rushed, so you will have plenty of time to tell us about any dental problems or concerns you may have.

We will carry out a thorough examination of your teeth, gums and mouth including mouth cancer screening.

We will also offer you advice on effective daily care including tooth brushing and other cleaning techniques tailored to your individual dental health needs.

Creators of confident, beautiful smiles

Your smile can make all the difference to your daily life. It can influence how you feel and be a key contributor to your personal confidence. We offer many different treatments to help you achieve the smile you have always wanted, such as:

- **Teeth whitening**
- **Teeth straightening**
- **White fillings.**

“Smile – the inverted rainbow on a cloudy day.”

BHAVIN SONI

Everyone deserves a smile to be proud of!

“I used to hide my teeth. It's the opposite now. I am smiling more and show my teeth on photographs. I am over the moon with the results.”

DAVID CHARLESWORTH

The best way to maintain healthy teeth and gums

The most important thing we can do to help you look after your dental health is to encourage you to attend on a regular basis. A practice membership is the most effective way we know of to achieve this.

The key benefits are:

- **Reduces the risk** of tooth decay and gum disease with regular appointments included
- **Spreads the cost** of your regular dental care through a convenient monthly Direct Debit
- **Same day urgent appointments** during normal opening times
- **Exclusive discount** on most treatments for our plan members only
- **Saves you money** compared to private pay-as-you-go fees
- **Peace of mind** with Worldwide Dental Trauma and Emergency Callout Insurance included

“When I needed an emergency appointment due to toothache and a chipped tooth, I was able to see the dentist the same day.”

“ Before my teeth straightening I was very apprehensive when I was smiling because I didn't like my crooked teeth. The treatment went very well & it took about 6 months. A lot of my work friends have commented on how straight my teeth are. I feel very confident now. ”
